

Leads Engine How To: Set CRM at a Company Level

This document will provide information and steps in how to Set CRM at a Company Level.

Access the Company Profile

• From the navigation menu, select Settings

• The user will arrive at the **Company Profile** page.

| ¥≡ | Company Profile | Company Profile for [COMPANY] |
|---------|----------------------------|-----------------------------------|
| بر • | CRM Sync Agent Rotation | Leads Activation Routing Is Live |
| ₽ ₽ | | Available CRMs MoxiWorks |
| | | SAVE |

The **Available CRMs** set on this page determine what CRMs are available for selection in the **Agent Profiles**.

MoxiWorks is set by default. Additional selections available are CRMs which have an integration with Leads Engine.

- Cloze
- Market Leader (E-Mail Only)
- MoxiWorks

You can **Add** or **Remove** a CRM by clicking the associated icons:

- Clicking Add will make a second CRM available.
- Select the CRM from the drop down list.
- Click Save
- Once complete, both CRMs will be available for selection within the Agent Profile(s).

| Available CRMs | | Available CRMs | |
|----------------|--------|-----------------------------|------|
| MoxiWorks | - - | MoxiWorks | · |
| None | • | Cloze | |
| | | Market Leader (E-Mail Only) | |
| | SAVE | MoxiWorks | SAVE |
